 **European Web Survey on Drugs**

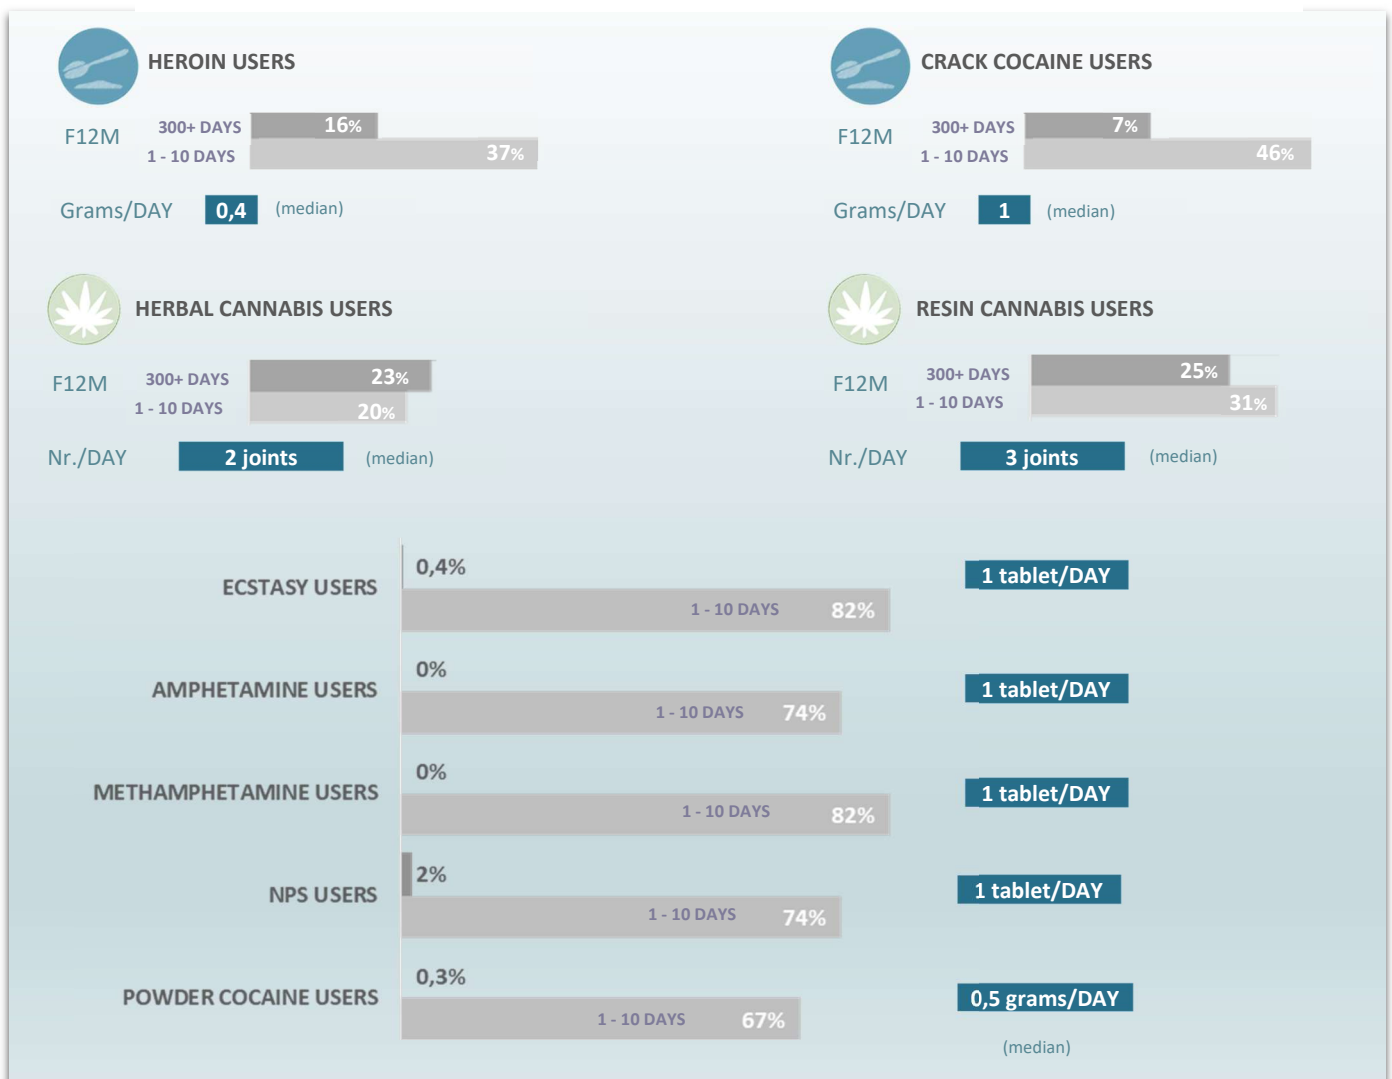

Online self-completion survey of the European Monitoring Centre for Drugs and Drug Addiction, for drug users aged 18 years or older, applied between March and May **2021**, in about 30 European countries, including Portugal, through SICAD. The data is based on the sample of residents in Portugal, of 4685 users, subdivided by drug, reporting to consumption in the previous 12 months. For a better understanding of the results presented, it is suggested to consult the scientific report on the SICAD website/Completed Studies.
